Re Town Improvement funds for the Year 1937-38

21/12/36 The report of the Director of Health is not complete and the details as it does not give details of the entire scheme. There is no reference of the M.C. approaching Govt praying for a grant from the Govt towards the works. The urgency of the work has not been explained also. In the circs, it is suggested that the estimate for the work maybe sanctioned, the work being proceeded with out of the amount available placed at the disposal of the Bureau - having Enquiries to the work. The question of giving a grant out of State Funds next year 1937-38 depends upon the financial condition of the municipality (which is in a sufficiently opulent condition now) and the Committee to be met out of the allotted in the State Funds Budget for Town Improvements next year. No finance can perhaps be held out now.

24/12/36 The Estimate may perhaps be Sanctioned after Scrutiny by the
